

Request for Expression of Interest to carry out a study on Hybrid Maize Seed Business Opportunities in Malawi

Introduction

Seed Trade Association of Malawi (STAM), an umbrella body of seed companies in Malawi has budgeted resources to engage a consultant to undertake a study on hybrid seed business opportunities contributing to a project Gathering Market Intelligence to Inform Maize Hybrid Supply in Malawi. The project aims to gather information regarding status of the hybrid seed business and its environment to inform seed business investors and the regulator on critical issues in the seed sector.

Scope of Work

The consultant is expected to be knowledgeable of the Malawi seed legislation, regional harmonised seed regulations, seed certification schemes and procedures, the seed market, seed value chain players and the seed programs for improved adoption. The consultant shall consult all critical stakeholders in seed systems in coming up with comprehensive final study report

The following are the essential deliverables of the assignment

- i. Profile of the hybrid seed customers in Malawi
- ii. Seed distribution mapping, associated challenges and volumes of seed handled by seed Agrodealer and chain stores
- iii. Players and Volumes of the actively traded Hybrid seed varieties,
- iv. Seed regulatory framework and enforcement
- v. Hybrid seed business growth opportunities
